Dear Parents,

Abu Dhabi Department of Education and knowledge is conducting a survey among the parents and students of each school to evaluate and review the work of each school in Abu Dhabi. Last year 90% of our parents & students participated in the survey. So I request all our parents to participate in the survey and help ADEK to achieve educational excellence. As a parent, your input and opinion play a crucial role in identifying the important aspects of school improvement. Thank you for all your continuous support and cooperation extended to our school. To participate in the survey, please use the below mentioned link:

Note: It is mandatory for all Parents and Students.
