

COLOUR WEEK

Dear Parent,

Here comes our next activity, 'The ColourWeek' .We introduce Primary and secondary colours to our tiny tots in a thematic way.

Colours encourage children to define and organize the world around them. The ability to identify colours is considered as a cognitive development. To explore the world of colours, our tiny tots will be celebrating 'Colour week'from 24/04/17 to 28/04/17.

Kindly dress your ward according to the schedule.
