22/02/2018

Dear Parent,

We are happy to share an important announcement with you.

The Management of the School has decided that the school shall take admissions for all grades [KG 1 to Grade 8] for both boys and girls and remove the restriction on admission of boy students to grades 5 and above. This decision is based on the overwhelming feedback from existing parents and aspiring parents desirous of admission to the school for their wards. However, from Grade 5 onward the Boys Section and the Girls Section of the school will remain physically separate and function as separate units, as mandated by the Ministry of Education.

In connection with this an important meeting was scheduled with parents of grades 4,5,6 and 7 on 21 February 2018, Wednesday at 7:00 pm at the school campus, to intimate them of this decision as they would be directly and most immediately affected by the decision. We are happy to say that all parents present welcomed this decision and expressed the opinion that this was a step in the right direction as it gave them more options and flexibility.

I am happy to convey to all those parents who have already admitted their boys to the school that they will now be able to continue their education throughout the grades at the school without needing to transfer at any point and also admit siblings, if any are boys, to higher grades.

Principal/-
